OTHER QUESTIONS:

1.) Can I visit my farm?

Yes, we encourage that our investors visit their farms. We organize quarterly group farm visits for all investors, and you can schedule additional private visits with advance notice.

2.) Will my land also appreciate besides my farming return?

Yes, landed properties are known for appreciation overtime. But, land in strategic location and in an estate appreciate faster and with more massive assured return on investment (ROI). Own Farm Estate has been strategically positioned for this goal as well. The location was selected not only for agricultural productivity but also for long-term development potential.

3.) Can I extend my investment overtime?

Yes, subscribers are permitted to start with smaller plot(s) and expand their portfolio when they desire (but it will be at selling price by then peradventure the estate is yet to be sold out).

4.) Can I buy the land and not farm there?

Yes, subscribers are not mandated to farm. You can also take landbanking. That's, you buy, keep and wait. If it appreciates more and then sell or use for other purpose.

5.) How can I get started with farming?

The moment you pay 100% for your land payment and 50% for your farming cost.
